

Marvel Digital Limited wins the 1st Prize “Technological Achievement Grand Award” at the 2018 Hong Kong Awards for Industries!

12 December 2018

Congratulations to Marvel Digital Limited (“MDL”), the biggest winner at the 2018 Hong Kong Awards for Industries (“HKAI”), winning a remarkable achievement award - “**Technological Achievement Grand Award**”.

All winners on stage with the Chief Executive of HKSAR, Mrs. Carrie Lam, and other HKSAR governors.

2018 Hong Kong Awards for Industries Awards Presentation Ceremony-cum-Cocktail Reception held on 11 December 2018 at the Hong Kong Science Park Convention and Exhibition Centre in Shatin. The honorable Mrs. Carrie Lam Cheng Yuet-Ngor, the Chief Executive of the Hong Kong Special Administrative Region (“HKSAR”), has officiated at the Ceremony.

Championed by the Government, HKAI launched in 2005 by merging the former Hong Kong Awards for Industry and Hong Kong Awards for Services, established in 1989 and 1997 respectively. The HKAI aims to recognize the outstanding performance and achievements of Hong Kong enterprises in enhancing their competitiveness in various aspects, and in pursuit of high technology and high value-added activities and to commend excellence in various aspects of their performance. Over the years, HKAI has recognized and commended the excellent performance of about 1,060 companies.

The judging criteria for the “Technological Achievement Grand Award” won by MDL includes Technology Merits and Intellectual Property, the impact of technology on the industry and the market recognition of the technology. We are honored to be awarded, not only proving Hong Kong's emphasis on intellectual property; our product has a positive impact on the industry with constant competition and progress to create better products. Our advanced image rendering algorithm technology for glasses-free 3D display developed to let consumers view 3D images without wearing 3D glasses, bringing a refreshing experience to consumers and the market. With the advance of science and technology, being awarded is a recognition for all local inventors. It also proves to the world that Hong Kong's innovation and the strength of scientific research cannot be ignored.

Dr. Herbert Lee, Chairman of MDL, said, "This award is significant for us. It is a recognition of the Hong Kong Special Administrative Region government to MDL for our scientific and technological research and development which shows our leading position in the industry. We are happy and grateful to be able to contribute to the community."

Dr. Herbert Lee was representing MDL on stage with the Chief Executive of HKSAR, Mrs. Carrie Lam
